

Bathwick Hill Resident's Association AGM 2020

Website : www.bathwickhill.info – it is not password protected.

Unfortunately due to the risks associated with Covid -19 we had to postpone our AGM.

It seem that the situation is not going to improve sufficiently for us to have an AGM in the near future so we have decided to go ahead with basics of the AGM by email/letter.

The Committee

Our current committee is :

Chair – Sarah Trimmer

Secretary – Claire Jackson

Treasurer – Andrea Haywood

FoBRA representative – Colin Clark

Committee members :

Helen Green

Wendy Stockley

Due to the circumstances the committee have all agreed to stay on until the current situation eases. If any member objects to the full committee being re-elected to their posts please email us on bhra21c@gmail.com

Subscriptions: if you have not paid your subs, you can find details of how to do that on Membership tab on the web site. If you have any difficulty please email us or drop your £5 (in cash) subscription off in an envelope with your name , post code and telephone number with Andrea Haywood at 5, Sion place.

Accounts : Our accounts are posted on the web site under “Accounts”. Our costs are going up and our subs are not, so we are charging at least £5 per head for events to cover costs. When there is a special event and the costs exceed £5 per head, we will charge more.

Further news :

Sarah Trimmer was going to resign from the committee, having well overstayed her term, and as yet we do not have a replacement chair. However, we would not expect a new comer to the committee to take on this job.

We would welcome any new committee members, we would like new comers to consider it as we welcome new ideas and approaches to keep the Association interesting and relevant to residents.

If anyone is interested in getting involved, please contact us. It is not very onerous, there are short busier periods around events and dealing with pertinent issues such as the emergence of a possible party house on the hill, which is our current concern.

We all try to remain objective and only look at planning issues and other issues that we believe have an effect on the Hill.

Party Houses - 2, Bathwick Hill

Currently there is a post about 2, Bathwick Hill, on our web site. If the activities there have affected you please keep a note and follow the contact details we have given in our post (under "News" tab on our web site)

Keeping individual evidence of any activities that affect your right to quiet enjoyment of the undisturbed use and enjoyment of your home as a tenant or an owner, will help to ensure that Bathwick Hill is primarily a residential area, without mismanaged Airbnbs and Party houses.

The Federation of Bath Resident's Associations (FoBRA) is looking at the evidence throughout Bath of such party houses and they have a nuisance log form on the FoBRA website <http://www.bathresidents.org.uk/cms/uploads/party-house-nuisance-log-feb-2018.pdf>

Finally we hope to get back together in the early autumn and will be reviewing the situation, and keeping you up to date with emails, posts and, where you have no email, letters.

Stay safe and well

Sarah Trimmer,
Bathwick Hill Residents Association chair.
